

# Roles and Access Guide

6 users - clear separation between HR and Admin responsibilities

Updated stakeholder access model

## Access overview

| ROLE        | PRIMARY RESPONSIBILITY                                    | ACCESS LEVEL             |
|-------------|-----------------------------------------------------------|--------------------------|
| Super Admin | Complete system and company-level oversight.              | Full system              |
| Admin       | Financial operations, expenses, payroll and reporting.    | Financial administration |
| HR          | Employees, roles, attendance, leave and company policies. | HR management            |
| Manager     | Department and team supervision.                          | Team management          |
| Team Lead   | Daily supervision of an assigned team.                    | Team supervision         |
| Employee    | Employee self-service limited to personal data.           | Self-service             |

**HR:** employees, roles, attendance corrections, leave approvals and company settings.

**Admin:** payroll, expenses, financial reports, payment verification and processing.

## Role details and demo credentials

### Super Admin

Complete system and company-level oversight.

|       |                                   |          |                 |
|-------|-----------------------------------|----------|-----------------|
| EMAIL | superadmin.mrmogxua1f7c@hrms.demo | PASSWORD | Hrms@392649c45f |
|-------|-----------------------------------|----------|-----------------|

- Access all HR, financial, operational, security and audit functions.
- Override role-based approval routing when elevated intervention is required.
- Manage system-wide access and supervise both HR and Admin functions.

### Admin

Financial operations, expenses, payroll and reporting.

|       |                              |          |                 |
|-------|------------------------------|----------|-----------------|
| EMAIL | admin.mrmogxua1f7c@hrms.demo | PASSWORD | Hrms@13003540c8 |
|-------|------------------------------|----------|-----------------|

- Create, edit, deactivate and delete expense categories.
- Manage office, utility, internet, fuel, travel, maintenance and miscellaneous expenses.
- Verify and approve expenses after manager approval, then process payments.
- Manage payroll, payment status, financial reports, analytics and relevant audit logs.
- Does not manage employees, HR roles, attendance corrections, leave approvals or company policy settings.

## HR

Employees, roles, attendance, leave and company policies.

|       |                           |          |                 |
|-------|---------------------------|----------|-----------------|
| EMAIL | hr.mrmogxua1f7c@hrms.demo | PASSWORD | Hrms@881069a640 |
|-------|---------------------------|----------|-----------------|

- Manage employees, employment status, reporting structure and role assignments.
- Perform attendance corrections and review attendance regularization requests.
- Approve or reject leave requests and manage leave balances and policies.
- Manage company settings, office timings, grace period, weekends and notifications.
- Access HR reports, employee dashboards and HR-related audit history.

## Manager

Department and team supervision.

|       |                                |          |                 |
|-------|--------------------------------|----------|-----------------|
| EMAIL | manager.mrmogxua1f7c@hrms.demo | PASSWORD | Hrms@2179914869 |
|-------|--------------------------------|----------|-----------------|

- View assigned team attendance and employee summaries.
- Perform the first approval stage for employee and department expenses.
- Review assigned attendance regularization and team approval work.

## Team Lead

Daily supervision of an assigned team.

|       |                                 |          |                 |
|-------|---------------------------------|----------|-----------------|
| EMAIL | teamlead.mrmogxua1f7c@hrms.demo | PASSWORD | Hrms@3059913abc |
|-------|---------------------------------|----------|-----------------|

- Monitor team attendance, projects and assigned employee activity.
- Review assigned late-waiver and time-correction requests.
- Use personal attendance, leave and notification self-service.

## Employee

Employee self-service limited to personal data.

|       |                                 |          |                 |
|-------|---------------------------------|----------|-----------------|
| EMAIL | employee.mrmogxua1f7c@hrms.demo | PASSWORD | Hrms@1707852e0c |
|-------|---------------------------------|----------|-----------------|

- Sign in/out and view personal attendance, leave balances and notifications.
- Submit leave, late-waiver, time-correction and expense requests.
- View personal payslips and expense approval/payment status.

## Security note

- Demo accounts are for development only.
- Change passwords and disable demo accounts before production.
- Finance is no longer a selectable role; financial operations belong to Admin.
- HR owns employee and company-policy management.
